MEMORANDUM FOR: Executive Officer, DDA

FROM:   
Director of SecuritySUBJECT: Request for Comments: Draft Document  
"Periodic Congressional Reporting Requirements  
of the Central Intelligence Agency"REFERENCE: Memo fm D/OLL (DD/A 85-3358) dtd 25 Sep 85,  
Same SubjectOffice of Security comments on the list of periodic reports  
are:

° Part I, B, item 2, derives from legislation which established the Security Protective Service. The Oversight Committees "expect" the Director of Central Intelligence to submit any proposed regulations at least 30 days before they are intended to become effective. This was done with the original regulations and will be done in the unlikely event the Federal Regulations need to be changed in the future.

° Part I, B, item 3, derives from the same legislation. The Oversight Committees "expect" that the Agency will give prior notice before deploying its own guards to any locations other than the original four (Headquarters, NPIC, ). The "expectation" does not include 30 days; only prior notice. It is suggested that the document be revised accordingly.
